

Brief Report of technical lecture on “Proliferation of Seismic Standards” by Dr. J.V.S.S.N. Murty, DGM (GP) on 27.02.2011 at Jorhat

North East (Jorhat) Chapter, Society of Petroleum Geophysicists organised a lecture on “Proliferation of Seismic Standards” by Dr. J.V.S.S.N. Murty, DGM (GP) on 27.02.2011 at Jorhat. Shri S.N.Singh ED-CGS, ONGC, kindly consented to be the Chief Guest. Dr. B.S. Josyulu GGM-Basin Manager, Jorhat and Patron NE Chapter, chaired the technical session. Block Mangers

joined the session along with the SPG Members.

ED-CGS Shri S.N. Singh wished that SPG Jorhat Chapter should play a model role in the coming year in organising the technical Lecture –Series on important topics. He expressed his happiness to attend one such technical talk and was overwhelmed by the interactive session by the participants on the topic.

In his inaugural address Dr. B.S. Josyulu stressed the need of Seismic standards in E & P Industries and appreciated the SPG Jorhat Chapter to choose such a burning topic for discussion.

On this occasion Shri C.L.Baloni GM-HGS & President SPG Jorhat informed that Jorhat Chapter of SPG has decided to hold such lectures every month. This was the first lecture of such lecture series.

During his presentation Dr. Murty discussed in depth about the customisation of Seismic standards leading to confusion during data exchange and offered valuable suggestions. He told the audiences that as many as 80 days could be saved in the entire cycle of API which is of utmost requirement in today's competitive market. By following these standards one not only

saves the valuable time but also reduces the cost of the project. The talk was well received and everyone applauded Dr. Murty for the informative & interesting lecture.

The vote of thanks was presented by Sri R C P Saxena, treasure SPG Jorhat.
