Treasurer: Sri P. R. Barik, Final Year, M. Sc. Tech., Applied Geology

Society of Exploration Geophysicists (SEG) Student Section ISMU Dhanbad under the association of Society of Petroleum Geophysicists (SPG) India has organized student interaction programme during Sept. 4 to 5 followed by a workshop on **“Exploration and Exploitation of CBM Resources”** on Sept. 6,

2009. This kind of interaction and workshop had been organized second time in India by the SEG Student Section ISMU Dhanbad. Interaction programme and Workshop on **“Exploration and Exploitation of CBM Resources”** on Sept. 5 was inaugurated by Sri Apurba Saha, President, SPG-India. Sri P. K. Pal, Chief General Manager (Exploration), CMPDI, Ranchi was the Guest of Honour. Sri Apurba Saha spoke the cooperation of oil industries in students' activities, as well as the prospects of CBM exploration. Prior to inaugural address, Dr. Rima Chatterjee, Assistant Professor & Advisor of SEG Student Section welcomed all the guests, dignitaries, delegates, etc followed by Dr. P.R. Mohanty, Prof & Head of the Department, Applied Geophysics stressed the need of organization to help the Academic Institute by sponsoring the research projects or sending experts to Professional Institutes to share their experiences with Academic Institute.

Students participated in Quiz contest on Sept. 4 evening. Students from ISM and others universities like IIT Mumbai, IIT Roorkee, Andhra University, Kurukshetra University, Osmania University and Bharatidashan University presented 25 oral papers .Sri P. K. Pal had delivered technical address on Sept.

5, 2009.

There were poster presentations by ISM students on Sept. 6. Professionals from ONGC, Reliance Industries Limited, Essar Oil, CIMFR had presented seven papers in the workshop. The workshop was chaired by Sri P.K Pal, Chief General Manager (Exploration), CMPDIL, Ranchi and Shri P. N. Hazra, DGM (CBM Division), ONGC, Kolkata.

A panel of judges from various industries and technical institutes announced the results of students' paper presentation and poster competitions. SEG Student Section, ISMU, was also organizing a CULTECH programme where choreography on "Coal Fire: Cause and its effect" had been presented. Dr. Amalendu Sinha, Director, CIMFR chaired the valedictory programme on Sept. 6, 2009. He focused the activities of CBM exploration and Exploitation as well as the role of young talents in Industry-Academia activities.
