

Geophuzzle

Across

- 1 Ode to measuring distance
- 4 Kirchoff migration does not handle this
- 5 Velocity of sound in water
- 8 Scale of particle size is named after him
- 9 Fault without displacement
- 12 This type of Decon is popular in aero-magnetics
- 14 Skewness in streamer shape
- 15 Angular velocity
- 16 Systematic assymetry
- 18 Mountain building
- 19 Famous name in phase shift migration
- 20 Variogram value at zero range
- 21 Latitude's analogus on projection plane
- 23 Seismic in logging
- 26 Beginning of wavetrain
- 27 First header in SEG Y
- 29 Whatever remains of what was
- 30 Small seismic wave
- 31 Of equal radioactivity
- 34 Multiplicity in a CMP gather
- 36 Line of equal thickness
- 38 Soil covered ice mound
- 40 Another name for specific resistance
- 42 Downthrown side in a reverse fault
- 43 Entropy's cousin
- 44 As is where was
- 45 Computer storage with built-in redundancy

- 46 A picture cell
- 47 An unsolvable problem

Down

- 2 Earthquake magnitude scale is named after him
- 3 A Helical drill
- 5 A Prakla shear wave source
- 6 SEG's european cousin
- 7 Airy's isostasy collaborator
- 8 Important seismic record identifier
- 10 Time after radon transform
- 11 It is measured by fluid-solid contact angle
- 13 POSC in latest incarnation
- 16 French sensor
- 17 Channel wave of SH type particle motion
- 22 A Surveyor's assistant
- 23 It is measured in microsecond per meter
- 24 Like a decibel in voltage comparison
- 25 Observed minus regional
- 28 This oil can't be produced by existing wells
- 32 Popular transverse cylindrical projection
- 33 UNIX at SGI
- 34 Use of two sources fired alternately
- 35 Containing all frequencies in equal proportion
- 37 Successive seaward termination of strata
- 39 Most popular name in sampling theory
- 41 Popular orthogonal rotation in S-wave seismics
